Customer Reviews

So far so good. If you're looking for an easy non-intimidating start to Spanish this is your ticket.

This purchase is only for 5 - 30 minute lessons which you can do while going for a walk but I found it worth the credit. I listened to each lesson a couple of times before going to the next.

Only bought one so far but really is a great lesson in audible form. You can go back as many times as you want at your own pace of learning capabilities. This will be a nice learning event for me to survive the upcoming Winter 2015/2016. Love their methodology.

I am learning Spanish well with Pimsleur. I do each lesson a few times as they request and do not take notes. They focus on the spoken form of Spanish which is exactly what I wanted. I am just about ready for the next set of lessons. I can't compare this to other methods because I have only

done Pimsleur but I am very happy with this method.
