## Customer Reviews

I've collected quite an assortment of coins over the years and many of them are pennies. And I've a 5 year old granddaughter who just loves sorting and putting things together. So I thought, what a great way to have fun together and learn a bit of history at the same time. This 'Collector's Lincoln Cents Folder' is sturdily put together. It's an attractive folder and the coins fit the slots snugly, which I would think is as it should be. It's especially necessary when some children, and some older folks too, are using them, because of bumps and having fun. I've purchased a few of these folders to accommodate all my coins so I'm looking forward to having quite a bit of fun at it.

I have several coin collection booklets by Warmans (cents, nickel, dime, quarters and state

quarters), and I actually like this cents book the best. Lots of years including future years.....and I really like the 2009 anniversary series slots a lot. The coins are very secured in this folder for sure. If I think I might find a better coin to display in a particular slot, I just gently insert the coin for easy removal, otherwise it can be almost impossible to get it out without showing some damage on the cardboard. This folders look very nice and are the perfect size for a bookshelf or even a coffee table or side table. I plan to purchase some extras for Christmas gifts this year. Oh, and they're definitely worth the price!

Nice book, but there are no slots for the years 1959 - 1964. Since the previous Whitman book stopped at 1958 this leaves a gap of six years.

Coins fit into the holes quite well and easily. Simple and light, with separate holes for D and P.

I bought for my cousin a variety of coin folders and he is having the time of his life looking for coins to fill them! Makes a great gift item!

It was a great item except for a small detail the coin holes are too small I wouldn't get this item
