Beautiful photography!

I lived most of my life near Napa Valley, I now live across the country. Every time I look at this book, it reminds me of home!

I bought this as an anniversary present for my husband because he proposed to me in Napa. The photographs in this gorgeous "scrapbook" brought back all the wonderful memories of our trip, captivated everything we loved about the place, and made us crave the lifestyle of Napa enough to ask "when can we go back?".

This is a beautiful book with great pictures. It is well done and makes a great "small" coffee table book. You will not be disappointed in this book.

I was expecting this to be a trek of places to visit. What it became was a rather rambling collection of photos that left a lot to be desired. Since this book was recommended by Outdoor Photography magazine, I had high hopes. Didn't happen!

Lovely book. I gave this to a family member who was planning a trip to the Napa Valley...a great fit.

THIS WAS A GREAT LITTLE BOOK OF THE AREA I GREW UP IN. HAD I KNOW BACK WHEN...I WOULD BE FILTHY RICH...FAST DELIVERY AND PACKAGING
