# Daft Punk: A Trip Inside The Pyramid

## Synopsis

Daft Punk, the legendary electronic music duo from France, is currently the hottest band in the world. In May 2013, *Random Access Memories* debuted at #1 on the charts in over 97 countries—including the U.S., Mexico, France, the UK, Japan, Australia, and many more. But Daft Punk's fame is anything but new—they've been a huge global hit since the late 1990's, when they revolutionized house music, first in France, and then worldwide, transforming themselves into an international phenomenon. Daft Punk's robot helmets and overall space-age look has become iconic for the millennial generation. This gorgeous, full-color book will be the perfect companion for fans around the globe: Reproducing their brilliant live shows throughout the course of their careers as musical artists; Sharing their many musical influences, from the Rolling Stones to Elton John, and even Andy Warhol; Charting their rise to international super-stardom; Revealing the story of the men behind the masks. Daft Punk's album *Random Access Memories* won in 4 categories at the 2014 Grammy Awards: Record of the Year, Album of the Year, Best Dance/Electronic Album, and their single, *Get Lucky* (with Pharrell Williams and Nile Rodgers), won Best Pop Duo/Group Performance.

## Customer Reviews

"Recommended for Daft Punk fans, those who enjoy EDM, and/or those interested in understanding the path from creative to cultural icon." Library Journal

DINA SANTORELLI has been a freelance writer for over 15 years and has written frequently about entertainment and pop culture topics. Voted one of the Best Long Island Authors for 2013 (Long Island Press), Dina has collaborated on a variety of book projects, including *Good Girls Don't Get Fat* (Harlequin, 2010), *The Brown Betty Cookbook* (Houghton Mifflin Harcourt, 2012) and *Bully* (Weinstein, 2013), the companion book to the acclaimed documentary. Additionally, Dina's debut novel, *Baby Grand*, is a Top Rated Mystery & Thriller on Kindle. Dina currently serves as the Executive Editor of *Salute* and *Family* magazines.

Book is more about the history of what influenced Daft Punk and how they compare to other similar artists. Also has random stats and other things I didn't find appealing. Was expecting pics from music festivals and documents on their songs, and other stuff that focused more on them performing rather than on what inspired their ideas behind the songs. Not a bad book, but not what I expected.

I'm a huge fan of the band, and while I was disappointed to see so many Wikipedia references it was cool to get a linear view of the band and their music influences. This is a good primer for someone new to the band and a refresher to the average fan. For the dedicated it's a regurgitation of most you already know but presented in a clean format.

This is definitely an interesting book, which not only describes info and background of this legendary French duo, but is also a good source about origins and different styles of Electronic Dance Music and famous composers like Nile Rodgers and Giorgio Moroder. It's not very long, has a nice cover and high-quality pictures and photos. Also i think that information that it provides would be interesting to both "Daft Punk" fans and starting musicians or just people who are interested in music.

cheap and not that cool. I love daft punk, but this just isnt amazing

i love daft punk but the book its self sucked

Really great book that logs all of Daft Punks works and collaborations in a nice orderly fashion.  
Great buy for a long time fan

Awesome book, more like a daftpedia than anything, very enjoyable!

It's a cool way to retrieve information about the band. Pictures quality and format was great. As a fan of DP's music, I consider this a good option.
