# Keystone Fly Fishing: The Ultimate Guide To Pennsylvania's Best Water

## Synopsis

The definitive, up-to-date guide to Pennsylvania's best fly fishing by regional experts and guides. Includes over 200 rivers and streams across the state as well as information on where to fish for trout, smallmouth bass, and other game fish species. First ever guidebook to the state written by a group of regional experts (professional guides, fly fishing instructors, lecturers, fly tiers) to provide insider knowledge to the best fishing opportunities. Stunning color photographs, accurate maps (created with GIS), and over 200 local fly patterns are featured.

### **Customer Reviews**

Mike Heck grew up fishing the spring creeks of southcentral Pennsylvania. He is the author of Spring Creek Strategies: Hatches, Patterns, and Techniques (Headwater Books), which is based primarily on his experiences fishing Cumberland Valley spring creeks, but also contains lessons for all challenging waters. He is an Orvis-endorsed guide, fly designer, and contributor to Fly Fisherman, American Angler, and other publications. He lives in Dry Run, Pennsylvania. Gary Kell worked for the USDA Forest Service for over 32 years. Since retiring in 2003, he has taught fly fishing to hundreds of students, and for five years taught fly fishing for L. L. Bean at the Outdoor Discovery School in Front Royal, VA. He is a FFF Master Certified Instructor and registered PA Licensed Fishing Guide. He currently operates Gary Kell: The Fly Fishing Coach and provides a variety of fly fishing instructional services (www.theflyfishingcoach.com). His articles have appeared in the Warren Times Observer and Fly Fisherman. He lives in Warren, Pennsylvania. Len Lichvar is the District Manager of the Somerset Conservation District, District 4 Commissioner, professional

freelance outdoor writer/photographer published in local, state, and national publications, and the Outdoors Correspondent for the Somerset Daily American. A long time member of the Pennsylvania Outdoor Writers Association, he is also an active member of many local and state sportsmen's groups, as well as conservation and civic improvement organizations. Len resides in Boswell, Pennsylvania. Along with wife, Becky, he has two children, Laurel and Logan, and a granddaughter, Mackenzie. Jay Nichols is a publisher, editor, and photographer specializing in fly fishing and fly tying. He is the Northeast Field Editor for Fly Fisherman magazine, fly fishing editor for Stackpole Books, and publisher of Headwater Books. He has authored or coauthored numerous books including the best-selling 1001 Fly Fishing Tips, Tying Dry Flies, Fly Fishing for Smallmouth (with Bob Clouser), and Fleye Design (with Bob Popovics). He was the primary photographer for Casting with Lefty Kreh and Fly Casting Fundamentals, both with Lefty Kreh. He lives in Boiling Springs, Pennsylvania, with wife, Donna, and two children, Amelia and Lilian. Henry Ramsay is a part-time guide, instructor, writer, and photographer. He is author of Matching Major Eastern Hatches: New Patterns for Selective Trout (Stackpole/Headwater) and has written for Eastern Fly Fishing and Fly Fisherman magazines. His flies have appeared in a number of magazines and books, and he presents at many shows, clubs, and Trout Unlimited chapters in the eastern U.S. He is a pro staff member for Daiichi Hooks and Regal Vises, and is a contract fly designer for Umpqua Feather Merchants. He lives in Birdsboro, Pennsylvania. Dave Rothrock is a part-time guide and fly fishing and casting instructor (Salmo Trutta Enterprises). His articles have appeared in Fly Fisherman, American Angler, and Pennsylvania Angler magazines as well as other publications. His fly patterns have graced the pages of various publications, books, and calendars. He has presented programs on fly-fishing related topics to groups throughout the eastern U.S. and Canada and was previously an instructor in the L. L. Bean fly fishing schools. He lives in Jersey Shore, Pennsylvania. Brian Shumaker is the owner of Susquehanna River Guides, which specializes in fly fishing for smallmouth bass and other warmwater species. He has guided for over 20 years. He has written articles for the Mid-Atlantic Fly Fishing Guide, has been featured in Fly Fish America, and was a contributor to the Susquehanna River Guide. He is a popular speaker at many local and regional clubs and organizations, as well as many fishing and outdoor shows. He is on the pro staff for TFO Rods and Cortland Line Company. He lives in Mount Holly, Pennsylvania, with his wife, Rene. Ben Turpin has been fishing Pocono area streams since 1996. He owns and operates Ben Turpin Custom Rod Building and Guide Service (benturpin.com). He has written for Mid-Atlantic Fly Fishing Guide and is a popular lecturer and exhibitor at local Trout Unlimited meetings and fishing clubs as well as fly fishing shows. He is currently the stream manager for a private fishing club in the

Poconos on McMichael Creek. He and wife, Jodie, and children, Andrew and Valery, live in Saylorsburg, Pennsylvania. Karl Weixlmann started fly fishing in western New York as a teenager and caught his first steelhead in 1983 from Fourmile Creek in Erie, Pennsylvania, where he has been a fly fishing guide for the last 20 years. A previous contributing writer for the Erie Times News, Weixlmann has also written feature articles for Fly Fisherman magazine and is the author of Great Lakes Steelhead, Salmon and Trout: Essential Techniques for Fly Fishing the Tributaries. He has served as past President of the Pennsylvania Steelhead Association and also the PSA Board of Directors. He lives in Erie, Pennsylvania, with his wife, Lisa, and son, Kyle.

The folks at Headwater Books acknowledged that Pennsylvania has too much area to be covered comprehensively by one writer. Hence they drew on the experiences of nine authors, each of whom wrote specifically on the waters of their home regions and their particular areas of interest. Even then many worthwhile venues were not mentioned. Covering them all was impossible, so the editors wisely elected to present a representative sampling of the many opportunities available. There was also a recognition that fly fishing encompasses more than just the pursuit of trout. Not everyone in the Keystone State lives near great trout streams. Residents of Pittsburgh and Philadelphia must drive considerable distances to reach prime cold water fisheries. For them, fishing those rushing, crystalline mountain flows and fertile mid-state limestone streams is best reserved for occasions when there's time to get away for a few days. Fortunately, persons living in all of our major cities are blessed with plentiful, and superb, warm-water fisheries nearby. I was pleased to see more than lip service paid to bass, panfish, pike and even some rough fishing. This book could have benefited significantly from the inclusion of a few more maps, but the ones it has are very good. Again, there's too much area to effectively show the whole commonwealth in a single volume. The editor admitted as much when he suggested that the best way to extract the most information from this book is to pair it with a DeLorme Atlas & Gazetteer, or even better, detailed topographic maps of the areas you are most interested in. Some of those brookie sheltering headwaters are mighty small and hard to find! It should be noted that the directions given in the text are generally guite good. This is a valuable addition to the libraries of persons who desire to maximize their angling adventures in a state that has more to offer than most.

Almost 600 pages of well thought out and detailed info with maps and color pages of the best current flies and how to tie them using exact components. Broken down into different regions of the state, covering the most popular of the local streams but written by the guides and local experts

from that area. It also includes detailed sections on Steelhead Alley and going for smallies on the Susquehanna and the Yough along with other species but the concentration is on trout.. This is the first book I'd reach for if planning a trip to water I'd never fished. Just published so it's very current on conditions. Well worth the purchase price!

I have purchased numerous fly fishing books throughout the years and this one is without a doubt the most valuable resource for providing essential information on fishing each of these Pennsylvania streams. While I mainly fly fish for trout, it was an added benefit to have the information provided by stream experts on fly fishing the warm waters of Pennsylvania for smallmouth.

Although this is a more aesthetically pleasing book, it doesn't match Landis's "Trout Streams Of Pennsylvania" for detailed information and directions to stream access.

This is the best book on fly fishing in Pennsylvania that I've ever read or purchased! Two of my fishing buddies saw the book and immediately bought it as well.

I was able to learn new access points and other information about the type of water in different sections of a river I usually fish. Multiply that knowledge for one river by a ton of other rivers I've wanted to try in PA and this book is a bargin

Very in-depth review of the many great trout streams in PA. including how to get there and what to expect upon arrival. Somewhat optimistic about the types and variety of fly hatches to be found in many of the streams but it gives the fly fisherman many things to look for while on the stream. A very good reference to carry and keep handy when out scouting new territory. It's up to date and I highly recommend buying it.

Well done. Excellent for the Fishing enthusiast who wants to fish some of Penns Woods greatest places. Bring a camera too.
