# The Wendy Williams Experience

## Synopsis

In the dishiest book of the year, the top-rated and controversial radio host delivers the good, the bad, and the ugly on the industry's biggest stars. But we'll let her speak for herself:~ Whitney Houston: "We have watched her go from our princess...to what looks like one step above a crackhead."~ Lil' Kim: "[She] started out as a black girl from the hood and now she's posing as a white girl from Hollywood."~ Mariah Carey: "Mariah will deny all day that she has ever had any plastic surgery...Check the before-and-after photos."~ Star Jones and Al Reynolds: "I give it three years." --This text refers to an out of print or unavailable edition of this title.

Best Sellers Rank: #5 in~ Books > Humor & Entertainment > Radio > History & Criticism #130 in~ Books > Audible Audiobooks > Arts & Entertainment > Performing Arts #279 in~ Books > Audible Audiobooks > Biographies & Memoirs > Entertainers & Celebrities

## Customer Reviews

Our review in short.For anyone expecting the insider jokes, biting wit and charm that is Wendy W. in person, and on her talk show,unfortunately this book is NOT a reflection of any of that.I planned to give this as a gift to a friend who really likes WW, but the book was so awful and so poorly written, that i threw it out. -I guess it was kind of a collection or reprint of stories she has already discussed, but the book is illegible.And I got this book on sale for less-than a \$1dollar and that was still way, way too much.Now, i'm pretty sure that at the time this book was published W. W. could afford to have one of her staff writers help with the organization and overall content of the book, as obviously the editors at publishing simply didn't care enough to bother, but I guess she didn't either... So straight to the trash it went! -Meh.Overall this book is so bad it makes those old cheap grocery tabloids look like fine reading.Don't waste your time or money on this awful, awful book.Our grade: F-, or (less than) ZEROStars!

Waste of money. I purchased three of her books. Not impressed, and I actually like her, and watch her show. She is somewhat full of herself, and puts on airs, the coy smile, the fakeness, but I find her intriguing. Can you believe his woman is worth 6 million dollars??? What a hustler, you got to give her respect for that!

If you're a fan of Wendy and her show, then you knew that this book was coming and you knew what it was going to be about. Chock full of "gossip," Ms. Williams does a great job of putting her radio show to print. Readers will be pleased to know that all of Wendy's favorite topics are covered; from Baby Momma Drama to "How You Doin'?....." Some of Wendy's most controversial interviews are covered in the book, but I found the most interesting to be the one with Misa Hylton-Brim--Puffy's first "baby momma." I liked the book and it was certainly a quick read, but solid Wendy fans like myself may be somewhat disappointed; you will find most if not all of what is covered within the pages to be regurgitated information. BUT--if you missed the MHB interview, you'll find it here. If you missed World's perspective on homosexuality and the music industry, you'll also find that here. And if you are one of the few remaining people on earth who did NOT hear that ridiculously raw Whitney Houston interview, all is not lost---Wendy has included it here also. Looking forward to the next book, Wendy (will there be one?)...; but PLEASE reserve some of your future juicy gossip just for the book. That way your regular fans will get some new "scandalosity" between its pages also. DYB

Really interesting.

I've never listened to this woman's show, so was unfamiliar with it. The first part of the book is a lot about people I don't know since I'm not in the 'scene' and familiar with a lot of current artist/music. However, I did agree a lot with some of her interviews and her advice and what seemed to be a solid morale fiber.

I wanted to learn more about the Radio Business and this book helped. I also liked the transcribed details of radio interviews and listeners asking Wendy for advice on personal issues. The book was an easy read and actually finished it quickly.

If you are a Wendy Williams fan, this CD Audiobook is a must.

wendy did a great job tellin it how it was - lots of personal details, definately a great message to those out there goin through things - she very openly and honestly tells us what happend in her life. Definately you will want to take a afternoon to read this whole book, it will be worth it. how u doin'
