book for college class

Very well-written.

If you are looking for in-depth detail on German politics during that era, this is the book for you. At

times it is a bit dense to plow through.

The book is great and the company that sold it to me is fantastic as well. We has some minor issues, but they were soooo ready to fix it that even itself needs to learn from these folks the art of customer service! Really impressed.

It was for school, so not too thrilling, but I received it on time!

I really liked this book for my German history course. the pages are thin and so the highlighting would leak through sometimes but overall the information was thorough. It was very helpful as a backup to in class lecture notes.
