Piano Lesson Book: Complete Level 1, For The Later Beginner

Synopsis

Complete Level 1 is a faster-paced version of Levels 1A and 1B that gets to staff reading more quickly. Perfect for a student who is 8 or older, or for a younger beginner with great musical aptitude. This course is most effective when used under the direction of a piano teacher or experienced musician.

Customer Reviews

Our kids recently started piano lessons and this was the book the instructor had us buy for them. It has clear instructions on finger placement for each hand and progresses gradually from the beginning through slightly more advanced stuff. If you have two people, there is even a basic duet part on several of the songs.

Was a gift. Not sure about anything except A.) It arrived quickly and B.) I didn't hear any complaints regarding this book.

Daughter has been taking lessons for 2 months and she's playing really well so far. She loves the songs!

Dissappointing. I have their Alfreds beginner method for Adults, and I find that is much better for young children. What is wrong, as it introduces actual notes, unlike the Adult method which I love, it

would put the name of the note inside the note on the staff. This book does not do that, it only puts the name of the note earlier, but not on the staff. Thus, the student has greater difficulties reading when the notes are on the staff.

Nice compilation of music and lesson that goes hand in hand....just like the Palmer Method Lesson books 1a, 1b, etc...but refined down to the best songs in one book! I Like it and use it to teach my nieces and nephews piano lessons.

Got it yesterday, never played piano before and now I am already playing to simple songs! Looking forward to going through the whole book!

Did not work for us.

This is just what my daughter needed! She just turned 12 and although she has never had lessons, she does know how to read the notes and can play a few simple songs. This is a perfect book for her because she is now learning to play at a bit of a higher level and the songs sound beautiful. (I do not play piano, but she plays much smoother with the help of this book). She did already know where your fingers go which was needed for this book.
