## Synopsis

“History is a set of lies that people have agreed upon.” - Napoleon Bonaparte

The Earth Really is Flat

The earth is flat and stationary, but you won't hear that on the nightly news. Proving that the earth is a ball spinning through space should be simple, but there is no real-world evidence to support the claim. Instead, all experiments and observations demonstrate that the earth is completely flat and motionless. The greatest deception in modern history has gone on far too long, and it's time for people to know the truth. In this book be prepared to learn: How scientific evidence proves that the earth is flatter than a pancake. How our ancestors knew that the earth was flat and motionless. How fake science, brainwashing, and bold-faced lies have shaped our civilization and caused us to accept a false reality. From fake moon landings, to fake space images and footage, to fake scientific theories, those behind the scenes understand the importance of the big lie, and have used it to bamboozle the unsuspecting and distracted masses for generations. The lies have been exposed and the future is ours to reclaim. Will we remain in the 'dark ages' or WAKE UP in time to change history?

## Customer Reviews

This is a must read for those open to having their worldview turned upside down. Investigative reporting at its best, exposing a completely different world than the one we think we know.

High-octane read which provokes a rethinking of our notion of reality. The deception is deep and clearly laid out in Stith's latest work.

This book ties up many loose ends and helps to make sense of our FLAT EARTH. Share it with your enlightened friends!

Finally a book that covers all the major conundrums, questions, & inconsistencies of the heliocentric model of earth. This book is a "one stop shop" full of references and working links to websites for further reading on different topics. If you're just starting to explore the thought of earth being flat, definitely start with this book.

This is a good book. I enjoyed it. We are being lied to on a massive scale in order to be controlled.

Very good, well written and hard hitting.
