# Louise Brooks: Her Men, Affairs, Scandals And Persona

### **Synopsis**

This book could infuriate millions and especially Louise BrookA¢â ¬â,,¢s fans and admirers. Bad reviews or so-called reviews from her fans are anticipated. The book is totally different from all the other books and glowing essays on this unusual star, simply because it provides the most detailed and intimate depiction of the life of the REAL Louise Brooks, not the shining star on the silver screen camouflaged by camera tricks and HollywoodA¢â ¬â,,¢s accessories, and the magic of German directors and cameramen, but Louise Brooks in real life. Everything you wanted to know about her affairs, her lovers, her scandalous life as a failed wife, as a call girl, as a courtesan, and manipulative femme fatale, her ups and downs, the way she saw the world and rebelled against it, her misfortune in Hollywood, her bizarre behavior, her numerous marriages (legal and illegal) and divorces, betrayal of her husbands, how she used men to reach her goals, her ad ultery, nudity and the dark shadows in her hidden life, far from fake fashion, extravagant display of elegance, and the glamorous fa $\tilde{A}f\tilde{A}$ sade she lived behind. Brooks was a prisoner of the world she created. She considered men toys and trampolines, and marriages a ââ ¬Å"common jokeâ⠬•! Here you will discover Louise Brooks the woman in the flesh, not the camouflaged and packaged star! As well as her affairs and steamy sexual relation with the biggest stars of the era, men and women, and especially the lesbians and bisexual of the  $\tilde{A}\phi\hat{a}$   $\neg \hat{A}$  "Sewing Circle  $\tilde{A}\phi\hat{a}$   $\neg \hat{A}$  and product of the Lavender Marriages. It is an explosive book, but at least, it is revealing and informative. Louise Brooks is unique. An enigmatic character blended with sophistication, elegance, panache, intelligence, finesse, an exemplary loyalty to friends (But not to lovers or husbands!!), generosity, sarcasm, defiance, and insatiable sex appetite. And this appetite was disturbing quite a bit, because she could not function without having sexual partners around the clock. Louise Brooks did not live in a healthy and highly ethical milieu. Her world was infested with drugs, lies, prostitution, betrayal, adultery, lesbianism, homosexuality, and fake promises. Nevertheless, Hollywood insiders saw in Brooks a compassionate woman, with a heart of gold, and a great loyalty to her friends. But unfortunately, Brooks burned down all the bridges and destroyed her safety net by rebelling against social rules and moral values. Despite her intelligence, savoir-faire, shrewd strategies and a perfect understanding of her milieu and the doomed world she lived in, Louise Brooks had a double life; one for herself which alienated her from true friends, and the glamorous Brooks  $fa\tilde{A}f\hat{A}$  ade which plunged her into avalanches of misfortune, agony, failures self-destruction, and bitterness. Enter her world at your own risk! #### **Customer Reviews**

The only thing worth paying money for in this book is the beautiful pictures of her, that's it. Full pages were scanned in that were so small, I could barely read them, the author is scathing when it came to telling her story. I understand that you want to be factual, but keep the snideness out of it! Don't buy this unless you just want some lovely shots of past movie stars that barely make up for the literary content.

Disappointed as the ebook had many blank pages and I believe missed a lot of the printed word.

Saucy stories, great pictures

If you wish too know who Louise Brooks slept with, or better still, who she didn't sleep with read this book. This book I feel was not very well written.

Very shallow, dishy and gossipy. Does not provide any back up for its description of Louise Brooke's sexual behavior and are we really interested in that?

This is the worst book I have ever wasted my time on. In fact, it should not even be called a book. It is a collections of "Junk"--loosely strung together pieces of info, quotes, pictures with no identification, innuendo and lies. Even the above have errors, mispellings, missing letters, huge amounts of blank pages between them and repetitions galore. I can not believe I spent money on it. What a sham. It is the first item I have deleted from my Kindle!

Not at all what I thought. I thought it was her biography but it was about her sex life. Also I had a lot of trouble downloading it, could only read it back to front. Spent 45 minutes on the phone with kindle & tech support only to find out it was an issue with the publisher. Tech support was going to contact the publisher so I could re-download but it never happened.

This book's was poorly written garbage; many blank pages and no continuity.wasted my free lending library book.hope this review will help others not waste their time on such trash.
