This is a great map to use when touring Greece. I like the non-rip part particularly as all I could find locally are cheap paper maps that fall apart quickly.

We were on a tour but my wife is a map follower. This map was open any time we were on the road.

Scale makes the map only suitable for general planning. Not enough detail for use while driving.

Thorough traditional country road map. Useful when driving anywhere in Greece.

A good detail map of Greece

very good travel map

Not as detailed as the old Rand McNally map I had.

Good maps to plan the base route for motorcycle holidays
