Customer Reviews

...useful resource for everyone from beginners to experienced hikers...all you need to plan a perfect outdoor day. -- New Canaan/Darien, July/August, 2004
Who better to ask for hiking suggestions than Christopher and Catherine Brook, authors of...*60 Hikes Within 60 Miles: New York City*. -- Nancy Claus Giles, Westchester Chronicles, October 2004

It's time to take a hike! Tristate residents, grab your boots and get out there! Using clear and entertaining narrative, *60 Hikes within 60 Miles: New York City* eliminates doubts about where to hike and what to expect when you get to the trailhead. To locate and assess the best hikes within a 60-mile radius of the Big Apple, this guide is indispensable. *60 Hikes within 60 Miles: New York City* blows the lid off the myth that you can't have a great trek close to home. The Big Apple may be an ever-expanding metropolis, but there are still plenty of thrilling hiking options. Choose among short and long hikes, hikes for children and for dogs, hikes for birding, for wildflowers and for waterfalls, historic and scenic hikes, and many others. Inside you will find: Trail descriptions that allow you to

assess each trail before you hike it. Detailed trail maps that provide you with accurate trail information. Elevation profiles help you visualize each trail's altitude gains and losses. Directions that smoothly lead you to the trailheads. Whether you live in northern New Jersey, western Long Island, or southwestern Connecticut, 60 Hikes within 60 Miles: New York City provides you with the information you need to choose the perfect day hike in your area, including trail lengths, hiking times, and trail difficulty. So lace up those boots, sling that pack, and hit the trail!

We used this one. Several points which made it helpful: we were all in New York City, so we had to find a hike not too distant. The description of the trail, its difficulties and the length of the hike proved to be in line with our experience - and this as well helped to find the right hike. Overall a good book with nice hikes and the right amount of information which one as a layman hiker needs to find his hike and to then hike well. Albert

This guide covers the Tri-State area (NY, NJ, CT), and does it remarkably well. It provides not only a wide variety of locations in the three states, but great detail on each location. It includes state and national forests, shoreline hikes, more challenging hilly/mountainous terrain, and everything in between. This is an excellent, comprehensive guide to some fantastic hiking in this area.

Great book for beginner and advanced hikers alike. The information is reasonably up to date and easy to follow. Would definitely recommend.

Gifted. Recipient seemed happy with it!

Great for beginner and intermediate hikers, and those looking for a day trip near NYC.

excellent condition - a gem

Solid guide for a majority of the trails, but it doesn't tell you what state any of the trails are in. You have to figure it out on your own from the extremely limited directions they provide. If you don't know the area or don't have the desire to google each trail, you'll remain ignorant to their whereabouts.

It was a great book, has some wonderful hikes, great directions and good descriptions of the hiking areas.
