This book explains each subject in simple detail, it is very easy to understand and straightforward. It is on point when it comes to healing and nutrition. I love it.

In his book, *A Holistic Protocol for the Immune System* by Scott Gregory gives readers highly effective information about nutritional measures and natural, non-invasive techniques to help those experience complications from a variety of infections, including Candida, Herpes, and HIV. I recommend *A Holistic Protocol for the Immune System* in Chapter 6: Energizing Your Immune System in a suggested reading section of my book, *Your Body Can Talk: How to Use Simple Muscle Testing*

for Health and Well Being.
