I love it. Hunter is a gun shop owner and is a single father to his son Vince. Will he give Kylie a chance?

fast reading

This book is very suspenseful at times because you are always waiting for the other shoe to drop; so to speak. Hunter owns a gun shop and he is a single father to his five year old son Vince. Vince's mother left when he was just a baby and Hunter is afraid of losing someone again. Kylie works for her mother at their convenience store and has had a crush on Hunter for as long as she can remember. A lot of sketchy things are happening around them and this strange pale man keeps showing up around the gun shop and at the convenience store and then Kylie's house gets broken into. But after much anticipation over what this pale man is up to and wondering his identity; this plot quickly dissolves without any follow up. The main story is very heartwarming and I just loved the little boy; he was so sweet and very real. This book also has a very sweet ending. I received a free copy of this book for my honest review.

Hunter a single father and a gun shop owner, has only one thing on his mind, his young son Vince. To keep Vince healthy, happy and to spend some quality time with him. Hunter is also attracted to his neighbor of six years, Kylie, who is a shy woman who works in the family food store, with her mother. Kylie, who has had a crush on Hunter ever since she first met him, but every time he would come into the store, Kylie is too afraid to talk to him and he her. Until one day someone broke into Kylie's house, and Hunter comes to the rescue. Then Vince gets sick and Kylie helps Hunter to care for his son. Things get confusing for both Hunter and Kylie, they are falling in love and fear the other will leave them with a broken heart and little Vince caught in the middle. This is a great book, that was well written, a joy to read and the two main characters, Hunter and Kylie, learn to trust each other and also trust their hearts. I voluntarily reviewed an advance copy of this book.

Hunter is a single father raising a five year old named Vince, and running a gun shop. His wife left him when Vince was a year old. Hunter had no time for anything except work and his son. Kylie works with her mom running the store her mother owns. Kylie loves next door to Hunter but has hardly said anything to him. She likes him but gets tongue tied around him, until one night she returns home and finds her front door wide open. She asks Hunter to teach her how to shoot a gun and just like that feelings blossom. Can Hunter take a chance on love without getting hurt again? Great read. This book says four extra books but, actually has six extra books. First extra book is called Priest with Jace and Daphne. Second extra book is called Addicted with Nate and Abby. Third extra book is called Conviction with Ollie and Wren. Fourth extra book is called Protector box set with Ava and Brian. Fifth extra book is called Sexy Tattooist with Graham and Chloe. And the

last extra book is called Costars with Damian and Emma.

I voluntarily review an ARC of this book

Thanks for the chance for this opportunity to be able to read this at first I thought it was a slow read but it soon got very exciting when Hunter realized that Kylie was the one then things started popping and to have Vince into the scene was really great of course the Hunter acted protective of his son he had relation issues but Kylie didnt give up

I was given an advanced reader copy for my honest opinion. This is the first full length novel I've read by Claire Adams and I loved it! This story was appropriately titled. Hunter & Kylie, the couple of this romance, were physically attracted to each other and became more as their relationship develops. Hunter's son from a previous relationship, Vince, is adorable. He knows what he wants and he wants Kylie for his mom. Takes after his dad (but not for the mom part)! Their passionate moments are excessively hot and so was their love for each other and Vince. I chuckled when I read that Hunter was afraid he'd scare Kylie off with his "excessive"-ly sized personal weapon. I highly recommend this story. It does pack emotional punches with some suspense (there's a stalker).
