Feel time and place as if you were there . some repeated vocals but overall it kept you reading on for hours.

many stories but would rather they were longer individually and more complete.

Excellent book. Lots of romance for those inclined. Enjoyable read.

am still reading, very good so far

Good, but not engaging enough for me to read all the way through and finish. It is probably me more than the writing, but the story-telling did not really grab hold of me.

Good read..entertaining.
