Customer Reviews

Roger Price and Leonard Stern invented Mad Libs more than 50 years ago!Ã ˆ They were also the founders of Price Stern Sloan.

Not adult until you add your mix. I expected a more adult themed book and got maybe PG.

Some of the verses seem to be cut out of dialogue with random words haphazardly erased. When asked for a clue word and a that word is given according to type, the words don't always make sense and thus aren't remotely funny. Not very well thought out. I threw it out. Wasted my money.

Too bad.

It didn't necessarily seem very "adult" but was still fun to play.

Not as entertaining as I had hoped.

Not very funny at all. The stories are too long and specifics, and the fill in words too general. This makes it almost impossible to make a story that makes any sense at all. There should be better clues for the fill in words other than just "adjective" or "verb". A few specifics on choosing the word or a list of words (suggestions) to choose from for a specific fill in word type would make it much more enjoyable. So if you think your going to have a quick funny custom story like on the back of a kids menu at Applebee's, keep looking.

not what I had hoped for

i purchased this for my bro-in-law and we played all xmas morning. it was a hoot. when our nephew (who is 8) came over, we filled one out with him too. it's not dirty language or anything so appropriate for all ages really.

It's somewhat funny. Not as funny as I hoped it would be. You have to get really silly and crazy to make it worth while.
