Perfect Puppy In 7 Days: How To Start Your Puppy Off Right

Synopsis

Does your puppy nip or jump? Have potty accidents? Or struggle when handled? This book will help you set your puppy on the path to being a polite, well-socialized, happy companion in just one week. In a simple, fun way, Dr. Sophia Yin tells the story of working with her dad's puppy, Lucy, to illustrate how you can train your puppy, too. Dr. Yin's positive-reinforcement program leads to a strong bond between you and your pup from day one. Buy your copy today and get started! This is like no other puppy book you've seen before. With over 400 photos it visually takes you through the steps needed to potty train, socialize, and provide your puppy with life skills. And it ensures that your puppy will enjoy behaving well, because it teaches owners how to make good behavior fun. It's not just about teaching your puppy manners, it's a step-by-step recipe for bonding with your puppy, learning to communicate with him, and preparing you pup for life! With Dr. Yin's approach your puppy will learn more in a week than many dogs learn in a year! -Dr. Marty Becker "America's Veterinarian" Resident veterinarian on Good Morning America and The Dr. Oz Show Author of 20 pet books including "Your Dog: The Owner's Manual" Raising a puppy successfully takes patience and dedication but the process can be made a whole lot easier by reading Sophia Yin's excellent book, Perfect Puppy in 7 Days. Packed with the latest information, Dr. Yin takes the reader into the puppy's world, helping them to not only understand a puppy's developmental process, but giving useful tips and techniques to ensure that any puppy becomes a happy, confident adult. This book is a must-have for any puppy parent or canine educator. -Victoria Stilwell Dog trainer, author and host of Animal Planet's It's Me or the Dog

Looking forward to implementing her advice. Seems pretty self explanatory. Maybe even the 3 year old pup will learn something!

Clear and concise information on training your puppy. Love this book. Highly recommended.

What an interesting and informative treatise on puppy development and physiology as well as some very specific and insightful techniques and methods for bonding with and effectively training a puppy. The illustrations add much to the explanations and the Learn to Earn concept is particularly helpful. This is a whole new world of dog training from 25 years ago!

Invaluable guide to what to have on hand before the puppies come home for the first time. Read most of it in one sitting and happily re-read it with my husband. Can't wait to try all of the techniques.

I just got a 7 week old puppy...she is now 9 weeks old. She sits and looks up at me reliably, knows "let's go" and down...is mostly crate trained....and all via positive interactions. What a great way to build a bond with your dog. I can't believe I used to train dogs with prong collars and rolled up newspapers...Dr Yin's book is great...so very thankful to have come across it. This is the way to go...I am looking forward to having a big dog that is polite and well mannered and that understands boundaries.

First of all, those who are looking for the end all, be all, have a completely trained puppy in 7 days are being unrealistic. With that said, this book is an excellent primer into what you should expect with your puppy, and the best ways to tackle the most common problems. Dr. Sophia Yin has done us dog lovers a huge service by putting together such an easy to read and understand book, filled with photos. It was especially beneficial reading the the sections regarding how to introduce a puppy to an older (and grumpier!) dog. Now Toby (puppy) and Lucy (grumpy) get along incredibly well, and she actually watches out for him. I would recommend reading this, and as many other puppy books as you can, and also making yourself a member of the relevant breed forums so you can get to know the most about your new companion and be as prepared as possible!

Easy to read with plenty of pictures to show you the way to give the command. I have yet to use it as I am waiting for my new puppy but plan on using most of it.

I didn't follow her instructions exactly (eg have my dog tethered to me) perhaps if I had of done the dog would have been even better. But even so this book gives great clear direction to start you on the right path with your new dog. It has made such a difference to the way I work with my dogs, i wish i had read it years ago. Your dogs will love you for it. The book is very clearly laid out with great photos to demonstrate technique, a nice program to work through, it makes the task of training easier and clearer for you.
