The Mosaic Decoration Of San Marco, Venice

Synopsis

Decorated with the richest, most beautiful mosaics in the world, the Venetian church of San Marco is quite literally a treasure house of medieval art. The domes and walls of the church, encrusted with stone, glass, and gold, have been recognized, over the centuries, as a glorious historical and artistic record. Peopled with hundreds and figures—Adam and Eve, Noah and his progeny, Isaiah, Christ, Mark, of course, and other holy men and women of Venice—these mosaics create a cosmic panorama. The Mosaic Decoration of San Marco, Venice brings these unrivaled mosaics into breathtaking focus, combining a descriptive history of their creation and repair over the ages with close-up photographs revealing their iconographic detail.

Book Information

Paperback: 278 pages

Publisher: University of Chicago Press; 1 edition (November 16, 1988)

Language: English

ISBN-10: 0226142922

ISBN-13: 978-0226142920

Customer Reviews

This book edited by Herbert Kessler for a popular audience, distills Demus's lifelong study of San Marco. It chronicles each stage in the gestation of the beloved church—the handiwork of Greek artists and the contributions of local mosaicists from the eleventh to the thirteenth century and the misguided attempts to refashion and repair it after the fifteenth century. --This text refers to the Hardcover edition.

A great illustrated guide to the fabulous mosaics on the ceiling of San Marco cathedral in Venice. What a way to remember a great holiday

I gave this as a gift and it was just what the person wanted. Any book published by the University of Chicago is worth the price.

The author organizes his thoughts of the Venetian mosaics on a room by room basis. Insightful comparisons are made with other eras of mosaic cultures. An excellent book for students of mosaic art who want to study this particular, worthy genre. Perhaps the book's strongest appeal is the choice of color plates (photographs) the author chose to include in this book. All color plates are reproduced in a stunning high quality for the price you pay. The number of color plates, however, are somewhat limited and leave you hungry for more. Perhaps that's caused by the subject matter. Overall, I'm very satisfied with this purchase.
