## Customer Reviews

This is a lovely collection of nautical drawings that are intricate enough to give me a bit of a challenge. I really like having access to the digital version so I can print as many as I need should I

mess up beyond repair. I searched and found a paper with a perfect weight and brightness that I've had great success with in my HP inkjet printer.~ ~ Neenah Exact Index Card Stock, 8.5 x 11 Inch, 90 lb, White, 250 Sheets (40311)~ ~ My favorite coloring instruments are gel pens and the ink rolls on smoothly and neatly in the smallest of details on this paper. I've really enjoyed working on these drawings.

This is not what I would consider an "adult" coloring book, it is more appropriate for children. Not much detail, and many of the pages are duplicates.

If you are looking for a more simple coloring book, then you have found one. It has good weight to the paper and is one sided.

Too much of the same pictures, my mother who is 85 was not impressed with how much each page was so similar with the same small fish filling in around the main fish or seahorse or whatever sea creature was the main object.

Love any books by Jade Summer !! Love coloring!!

The person who received this as a gift loved it.

I'm so glad I got this coloring book. I love it.

Good book
