Customer Reviews

I am reading many books of Ender King and I must say this book is really amazing. I loved the story and want to read more books from this author. Very good book with great amazing story and awesome pictures.

Reading this book is being like in the adventure by yourself. A great continuation on how to survive when Mother Nature leaves no stone unturned. Well, this series is sure keeping me hooked.

Looking forward to the next one.

Ender King is a great writer who tells a unique story in every book. This book reveals a high level of creativity and mastery of language. Always my favorite.

I chose this rating because it doesn't have a good story, and Ender King is just copying off of other good books! BOOOO!
