Customer Reviews

This is for upper grades??? I wish I had been able to see some of the inside pages of the book - I wouldn't have bought it. It would be a great book for later elementary ages; maybe Jr. High if you don't want much detail or depth. The book has a page or less of information on a topic, then an activity page with a word find, matching/short answer quiz, make a list of things you would need (ie. on the Oregon Trail), etc. The book says on the front cover "for middle & upper grades - only if you only need an surface introduction and haven't really had American History before.

It was more than I was hoping for! So many articles to use in literacy centers for my fifth graders!

Great books

I was happy and learn lot

As expected. Thank you!

The book worked out well

I was pleased with the product.

Good book for school
