# Quantum Healing

## Synopsis

Here is an extraordinary new approach to healing by an extraordinary physician-writer -- a book filled with the mystery, wonder, and hope of people who have experienced seemingly miraculous recoveries from cancer and other serious illnesses. Dr. Deepak Chopra, a respected New England endocrinologist, began his search for answers when he saw patients in his own practice who completely recovered after being given only a few months to live. In the mid-1980's he returned to his native India to explore Aruyveda, humanities most ancient healing tradition. Now he has brought together the current research of Western medicine, neuroscience, and physics with the insights of Ayurvedic theory to show that the human body is controlled by a "network of intelligence" grounded in quantum reality. Not a superficial psychological state, this intelligence lies deep enough to change the basic patterns that design our physiology -- with the potential to defeat cancer, heart disease, and even aging itself. In this inspiring and pioneering work, Dr. Chopra offers us both a fascinating intellectual journey and a deeply moving chronicle of hope and healing. From the Trade Paperback edition. --This text refers to the Audio CD edition.

## Book Information

Audible Audio Edition

Listening Length: 56 minutes

Program Type: Audiobook

Version: Abridged

#98 in [Books > Health, Fitness & Dieting > Alternative Medicine > Holistic](#) #308 in [Books > Self-Help > Stress Management](#)

## Customer Reviews

Throughout my many years of study of comparative religions, I have encountered documentation of "miraculous" healing in the scriptures and historical texts of numerous cultures and belief systems, Christianity included (remember, Jesus healed). It is encouraging and enlightening to find that someone is presenting evidence of the connection between these timeless "practices" and current science and medicine. Great book to read along with Superbrain and Perfect Health, also by

Chopra.

I have the first edition and it was worth getting the updated version. Read it together with the Lost Mode of Prayer and your life will change forever.

This book is quite old now and has been revised but as it is it contains revolutionary information. This is my second reading and it meant more now than thirty years ago in the context of the quantum field finally being understood generally.

Got this book for a sick neighbor. I had previously read the book and loved it. Highly recommend .

Reveals the complexity and sophistication of the human body and the mind body connection. Our bodies are led by how we think. The more we learn about it the more we can influence our physical and mental health.

Very insightful knowledge..!

Feels so good to feel validated for what I've felt all along! Only thing was I thought I was getting the revised version from but got the old version but still awesome!!

Riveting book about alternative medicine, and healing powers of the subconscious. Deepak is a yogi genius.
