Customer Reviews

Loved this course. Very clear, easy to listen to, and really makes it easy to learn. Thru repetition and coverage of many words, phrases and French grammar, I feel my comprehension and ability to create sentences were greatly enhanced. Let alone my confidence. Looking for sequel? Thanks a lot! David, Sydney

Slow and methodical... I took four years of junior high and high school French 45 years ago and have tried other methods to revive what I learned back then. Although I'm only halfway through the set, they seem to be doing the trick.

I love this box set. Paul Noble provides tips and explanations on the language that are so helpful and easy to remember. I wish I had purchased this a year ago! It would have made learning French much easier.

This is ok. I listen in the car. There is much repetition which is good. It is difficult to understand the words at times.

Best way I have found to learn french.

Terrific! I love being able to learn at my own pace and I don't need the internet! Good job Paul Noble!

listen to the CD's in the car, French is starting to make some sense,. Some of the phrases and words are just a little strange, Been to France twice and never would need the word for sunstroke. Other than a few other words like that it was fine

This is one of the best CDs I've used to learn a language. Paul Noble is a wonderful instructor and really explains the nuances of the language. His teaching technique really worked for me. I would highly recommend this course.
