Australia's Great Barrier Reef: The Seventh Natural Wonder (Brisbane Australia, Map Of Australia, Great Barrier Reef Facts)

Synopsis

Grab Your Copy Of Australia and the Great Barrier Reef By Bestselling Author Tom Stewart
Australia's Great Barrier Reef: The Great Barrier Reef is one of the world's most spectacular natural features and one of the few biological structures visible from space. The sheer size of the Great Barrier Reef Marine Park (over 360 000 km²) as well its beauty and biodiversity draw people from all over the world. The reef stretches over 2200 km from subtropical waters (27° S) to the tropical waters of Torres Strait (8° S) and as far as 400 km from the coast to the outer shelf slope. For Australians, the reef is a source of much pride and enjoyment.>> Download This Book Today

Customer Reviews

This book is nonfiction, so the categories above do not apply. This is a poorly written book. Lots of errors, very wandering. Credibility is lacking. Needs a good editor or a more polished writer.
