# A Guide To The Cotswolds

## Synopsis

The Cotswolds is an area of outstanding natural beauty, with some of the most charming and historically significant towns and villages in England. This handsomely produced guide explores the area in a series of tours drawn from the main visitor centers, seeking out the prettiest villages, the history and the legends, and identifying all the sites open to the public. There is essential visitor's information on houses, parks and gardens, museums and galleries, craft centers, and farms. Easily slipped into a pocket, this handy guide is abundantly illustrated with crisp color photos and maps.

Shipping Weight: 12 ounces (View shipping rates and policies)

Average Customer Review: 3.8 out of 5 stars 6 customer reviews

Best Sellers Rank: #2,912,787 in Books (See Top 100 in Books) #47 in [Books > Travel > Europe > England > Gloucestershire](#) #743 in [Books > Travel > Europe > England > General](#) #3488 in [Books > Travel > Europe > Great Britain > General](#)

## Customer Reviews

I bought this based on reviews. I wanted a reference for my trip to the Cotswolds, but I won't be taking this with me. It's not "bad", just not what I was looking for. I wanted something to help my plan my itinerary and help me to know what I am looking at. This book divides the Cotswolds into sections, but only explores a few of the main towns. It is heavy on history. The things that are highlighted are given a sentence or two. This is probably a good companion book to a generic travel guide and something else on the Cotswolds, but is not a stand alone resource for someone with interests like mine and really NO background on the Cotswolds.

Help somewhat, but cannot say it is a must have. The nice thing about this book that I did not find in others is the more detailed description of the background and history of some of the towns and attractions. Wish it has more detailed map though. I would advise anybody thinking about driving in Cotswolds, or England in that matter get a GPS. It helps a lot. I bought and downloaded the England

map to load it on my US version GPS, which really has made the trip much less stressful. If you miss some of the roundabout exits, it may take you a long time to get back.

a lot to read but gives a good view of what Cotswold is about . Also info on when times open to see museums, etc. so as not to make a trip/visit only to find are closed for the day. Again maps on the area walked.

Used while traveling through the Cotswolds.

Found this book very informative, with lots of useful facts. Easy to use, easy to understand. Used it in the car to get from place to place. Worth buying.

The cost of postage is far too much. In future I will not recommend purchases. Regards J Sanders  
The guidebook was good.
