Two of the best-known authors in social work provide a political perspective on social welfare. Definitions of liberal, conservative, and moderate positions help the reader better appreciate the political context of social welfare programs. Features new to this edition are "Social Work Destinations," which direct the reader to museums and sites related to social welfare issues, such as Hull House, the Ellis Island Immigration Museum, and the Museum of African American History. Also includes current information on managed care in health and mental health, welfare reform, and family preservation and kinship care. For those interested in social work and social welfare. --This text refers to an out of print or unavailable edition of this title.

Philip R. Popple, BS, University of North Texas; MSW, Washington University (St. Louis); Ph.D, Washington University (St. Louis). Dr. Popple has seven years social work practice experience as a child welfare worker, a program evaluator, child welfare training specialist, and training administrator. He began his academic career in 1976 and has served as an advanced standing program coordinator, a baccalaureate program director at two schools, a school director/chair at two

schools, and is currently serving as Baccalaureate Program Director at the University of Texas at Arlington, where he served as Interim Dean in 2008/2009. Dr. Popple is co-author of three social work texts: *Social Work, Social Welfare, and American Society*, 8th ed., 2008 (with Leslie Leighninger); *The Policy Based Profession, An Introduction to Policy Analysis for Social Workers*, 5th ed., 2011; and *Child Welfare Social Work: An Introduction*, 2007 (with Francine Vecchiolla). He is currently under contract with Allyn & Bacon for a book to be titled *Compassion and Protection: A History of Social Work and Social Welfare in the United States*. Leslie Leighninger is a Professor Emerita at the School of Social Work at Arizona State University. She has degrees from Oberlin College, Syracuse University, and the University of California Berkeley. She is the author of *Social Work: Search for Identity*, and *Creating a New Profession: The Beginnings of Social Work Education in the United States*. Her research specialty is social work and social welfare history. She was a Vice President of the National Association of Deans and Directors of Social Work and the Council of Social Work Education.

Book is what it says to be but it's falling apart at the binding. One page is torn. Highlighting & pen marks all over the book. But it does the job.

Got it for a class. Fun read. The authors have seem to lean towards the liberal side. I liked how they made the chapters interesting to read.

Fast delivery! Great packaging! Awesome seller!!! 2nd time I've purchased from them!! Definitely recommend!! Product was exactly as pictured and described!!

I had to read this book for my introductory social work class in college. It does a great job at clearly explaining foundational concepts of social work, but is very biased.

When I got the textbook the front cover was ripped up the spine. Other than that everything else is in tact!

Bought for college class. Easy to understand and helped me understand what the professor was talking about.

For the price it is really great. It has practically everything the 8th edition has. It was also in very

good condition and I didn't have to spend \$170 dollars for it!

I am new to social work, the text book has been invaluable thus far. thanks
