Best Sellers Rank: #271,234 in Books (See Top 100 in Books) #4 in [Books > Travel > Europe > England > Devon](#) #51 in [Books > Travel > Europe > England > General](#) #233 in [Books > Travel > Europe > Great Britain > General](#)

## Customer Reviews

This was an essential part to planning our trip to Penzance this summer. We realized that there were amazingly beautiful places, locations, and coastlines to visit, but no idea where to begin. Thanks to some of the highlights, we grouped trips together, while settling in for a beautiful vacation in Mousehole, England. I can't say enough about this location, and secretly hope that it stays off the radar of tourists traveling to England for the first, second, or third time! :)

I found this helpful for planning a trip to Cornwall and Devon. A bunch of the suggested restaurants are closed, though, so be sure to check online before you go. We did book hotels based on the book's recommendations, but the trip is in September, but I think we'll be quite comfortable with our choices.

We have just returned from Cornwall and used this book on a daily basis. It's Lonely Planet - of course it's accurate! It's interesting, it helps in planning your next day when you'd rather be sitting in a pub, but your wife has other plans for "getting the most out of this vacation". All the info, good photos, good writing. It's Lonely Planet, the best!

As expected

Great guide! Very well organized. It is enjoyable just to browse through it! This is what every travel guidebook should be.

Not much historical detail like Rick Steves. Very cut and dry.

Very informative!

Helpful info.
