Customer Reviews

Do you believe it's possible for someone to read your mind? Lior Suchard can. He can read your innermost thoughts, and knows what you are going to say before you say it before you even know you're going to say it! As a six-year-old boy in Haifa, Israel, Lior first realized he had an extraordinary mental power. Now he is known throughout the world as a dazzling entertainer and peerless mentalist, astounding audiences everywhere with his singular talent for mind reading, thought influencing, and telekinesis. In *Mind Reader*, Lior takes us on an incredible journey through the wonders of the human mind, sharing his remarkable personal story while offering invaluable advice. Lior's secrets and lessons, illustrated throughout with interactive elements and brainteasers, will enable readers to achieve phenomenal success by unlocking their untapped mental powers and freely embracing their inner mentalist.

Lior Suchard is a world-renowned entertainer and mentalist who first created a buzz when he was selected as the winner of the highly rated international TV show *The Successor*, hosted by celebrated mystifier Uri Geller. Amazing audiences with the power of his mind, Suchard appears often on international talk shows, including *The Tonight Show with Jay Leno*, and is a charismatic crowd-pleaser on the Las Vegas circuit.

Fascinating story. I gave it 4 rather than 5 stars because most of the effects rely on Suchard's natural talents rather than trainable skills, as was implied in the promo for the book. However, with a bit of concentration and application much benefit has come as a result of the ideas contained therein. You owe it to yourself to check it out.

I plan to read this book again and again. I'm sure there will be ideas that stick with me the more often I go back to it. It's amazing how Lior can work his "magic"!

i enjoyed this book and it had some very helpful information

excellent

NICE.

This was a fun book to read, and also learned a lot about how much more I can use my "full brain". The book is written for anyone to read very lighthearted and so refreshing, content should be practiced and taken seriously but if you are in sales, HR, or customer service great information to be used to help you read your customers become better at what you do.

The book is fun and makes a very entertaining read; the title is a little misleading in that 90% of the book is about Mr. Suchard's successful (and often remarkable) career as a mentalist, with maybe 10% dedicated to some exercises that may, or may not, 'unlock the power of your mind.' Though the book fails as a tutorial, or even as a reference to the techniques of mentalism, it is nevertheless such a fun read that it's well worth the time spent with it.

Lior Suchard shows us quite a few amazing feats. He makes us wonder about the powers of the mind. And that is what his purpose is, to get us out of our behaviour on autopilot and make us

wonder again. He's not interested in teaching us how to do what he does, but in showing us that there is more to a human mind than most people take for granted. His book is an invitation to the reader to start exploring his/her own mind and changing the course of his/her life as a consequence. The message is that people can be much more creative than they usually are. In this sense it is not only an entertaining but also a challenging book.
