This book is simply adorable. I found it for a a bridal shower after they registered for a cookbook stand. I couldn't just give them a stand without a cookbook, so what a perfect gift this was! All the ladies thought it was so cute and wanted to know where I got it. It's super trendy with great pictures and recipes inside. It teaches the newlyweds how to find the best ingredients, prep and of course how to cook. The beginning of the book provides recipes for cooking for 2, then how to cook for a small group and finally entertain a large party. What a great find, and I will consider purchasing it for another young couple in the future. I stuck some of my own recipes in there on handwritten cards and added a nice message to the inside cover. I think it will make a great keepsake for the newlyweds!

A beautiful cookbook that makes a great gift for newlyweds as part of a housewarming, bridal shower, or wedding gift. I first saw this in store at Anthropologie and then was going to order it online...so glad I immediately thought of ordering from [as you easily save \\$15 and get free shipping \(prime\)](#). I took a quick look through the recipes and they look really nice. If you've seen it elsewhere, just do yourself a favor and order from [.](#)

purchased for a bridal shower gift- wasn't on the registry and the bride loved it (or atleast said she did haha) didn't receive anything else like it so that made it unique. A nice addition to all the kitchen accessories that ARE on the registry, plus its a nice surprise to receive something you don't already know about

Bought this as a wedding gift for my college roommate and her new husband. They have enjoyed making recipes from the book.

This book has become my go-to gift for bridal showers! It's super cute and I initially bought it just to test the recipes to see if they were any good. Everything I tried was pretty good. I would make a few changes here and there but overall, it's a great book for married couples, as the recipes for sized for 2. The recipes were also fairly healthy, which is a plus! Definitely a great gift.

Bought for shower gift. Big hit! May buy for myself. Great recipes.

Beautiful cookbook. It's pretty large and has what seems like an endless amount of recipes. Great quality book with a cute page to inscribe the bride/grooms names.

Great book. Better in person than even on line. I love the recipes that seem to be very practical, yet fun. Love how the book is set up for a newlywed couple and I gave it, along with some kitchen utensils, as a wedding gift, to my niece who is just starting out setting up a home.
