Customer Reviews

Laura Lincoln Maitland (Commack, NY) is science chairperson and teaches AP Psychology at the

Bellmore-Merrick Central High School District.

Comes with a link to an app that helps setup a study plan. Has a study plan in the book. Covers each area and has practice test with explanations for answers. All this from my 15 year old who I bought the book for.

My daughter is very happy with the book, she is a high school junior that wants to major in psychology. I is recommended to prep for her AP final.

Way too choppy. There is no flow in the writing- reads like word vomit. But highly condensed, high yield material. Has everything you need for REVIEW, NOT as first-pass

This helped my son get a 5 on the AP exam.

I bought the used one and it looks brand new. There are no markings in it and I was afraid there would be. It was so useful too!

Great AP Books

As much as you can for a book that is preparing you for a test.
