About Jessica Kiely: Helping others with my skills, empathy, and passion has led to quite an entrepreneurial journey. I have been running my own business since the age of nineteen, starting a tutoring business while at university. Then, as founder of The Frank Team, a youth-training company, I got the opportunity to work with over 100,000 people internationally, helping them action their ideas. Now, after some major life challenges, I have founded Wanderess Beauty a green beauty company that exists to ignite wild beauty and shift more people to natural and organic skin care, cosmetics, and fashion.

Looking forward to this read! Have heard great feedback so it must totally be worth it! Heard the author is an awesome and inspiring leader too!

Written as though you were chatting with a friend in a coffee shop; it's easy-to-read and heartfelt nature is inspiring and reassuring
Far from the usual self-help books that leave you feeling there's so much more you can be doing, this book is a refreshing reminder that things don't have to be 100% perfect all the time and that taking care of yourself is key

Honest women, sharing their strategies to navigate life and their passion for business. Really enjoyed the casual language as if I caught up with a bunch of my friends giving me advice and a pep talk when you just need it most. Plus it's apparently not me but the way my brain is hardwired
Ha! Thanks ladies!

I can't wait to read this book. I've seen very good reviews and it's a must have for women who want

to be successful at running a business and raising their families.

Jessica Kiely and her colleagues provide brilliant tried and tested advice on the real business habits that matter in women's lives.

Excited to have some super tips from some super business women!

Such great advice and practical tips - highly recommended

Well written and really inspirational - women rising up!
