THINK Public Speaking

Synopsis

Debuting in its first edition, THINK Public Speaking uses the popular magazine-style format of Pearson's THINK series and blends the how and why of effective public speaking into a highly visual, reader-friendly overview. THINK Public Speaking is a lively, accessible treatment of the core concepts of public speaking, filled with practical advice and examples and grounded in theory and research. THINK Public Speaking provides students with all the essentials for speaking successfully in the classroom and beyond—and at less than half the cost of a traditional text.

Customer Reviews

college course text book. worth a read because public speaking is necessary for most

perfect condition!

Very helpful for Public Speaking. A lot of great preparation tips.

Product just as described, and what I needed for class, so I'm satisfied with it. Just like with other text books.

Good book

I am taking my public speaking class online and I decided to get the ebook off of here because it was cheapest but I was supposed to get a code with this book so I could access the Pearson site to interact with my class. Now I have to repurchase this book off the other site. Very disappointed with this book and it was a waste of money. Unless someone knows how to access the code I need?

Advertised comes as a package and only the book comes, nothing else. Shouldn't advertise a package if you only sell plan on selling one piece.

This is a great textbook for public speaking courses. It is a magazine style textbook. Every page is helpful. There are many beautiful charts for reproduction.
