Customer Reviews

Lee Child stories are really good This Series book really comes in handy I have read 16 of the Reacher books and I am glad to have the series book to help me remember what I need to read next.

Love the Jack Reacher books, and this guide will help me keep the books in the correct reading order. Just finished up the "Prey" book series by John Sanford - wish I would have had a guide like this to keep me following the books in the correct order. Makes all the difference sometimes!

waste of money no date reference

Love it

I am a fan of Lee Childs. This was interesting.

A typical Jack Reacher novel. It is filled with so many twists and turns that I had to keep on reading to find out what would happen next..Character development is exceptional

I just started reading the series because a friend of mine recommended them. I will still read the series tho I have a lot of catching up to do. I liked the first two books very much.

Great way to keep track of what I've read and what I want to read next. Loved the information on my other favorite authors and a couple of new ones I haven't tried yet.
