Customer Reviews

I practice hoodoo and vodou. The book is straight to the point. The herbs used are specifically for hoodoo spells. Some books are written for hoodoo or vodou spells but use herbs in away for wiccan practice or old European folk magic. Great basic foundation book.

First book by author. Straight to the point. Simple instructions. Will come back to update once I've tried a few of them.

Gives decent list of ingredients needed for each jar but leaves it up to caster to write spell or find one that will work for the occasion

It was okay but it was the sort of Too Short wish it was longer other than that I enjoyed it was a nice read

Great work! I've been looking for a specific book on jar spells for a while! Just wish it had more!

Great book
