# Advanced Cursive Handwriting Practice Workbook For Teens

## Synopsis

Available in both paperback and e-book formats. The e-book edition requires copying handwritten sentences onto lined paper, whereas the paperback edition allows for writing directly in the workbook. With the e-book, you can use pinch-and-zoom to make the handwriting appear larger (or hold the device in landscape mode). The ISBN of the print edition is 1523234598. This cursive handwriting practice workbook is for teens in the following ways: The phrases and sentences are written for a teenage audience. The font size is smaller than workbooks designed for kids. The blank lines are narrower than workbooks designed for kids. Most pages aren't designed to be traced prior to copying. There is just a quick refresher of basic letter and words practice. A challenge chapter includes visual exercises. The last chapter includes writing prompts. For teens who need more basic handwriting practice (which is common, since cursive handwriting is disappearing from many schools' curricula), Julie Harper also has a more basic cursive handwriting workbook for teens: *Cursive Handwriting Practice Workbook for Teens* (ISBN 1492230235). Teens enjoy writing sentences like, "Set your alarm to play your favorite song," and, "Dancing is contagious. Catch it and have fun." Exercises like these help to make learning fun, even at home. This unique teenage handwriting workbook provides teens who need to improve their cursive writing fluency a chance to do it with a more age appropriate workbook. This workbook focuses on writing phrases and sentences in cursive in seven parts: Quick letter review Letter blends (like "br" or "wh") Copy sentences Copy paragraphs Visual challenge Rewrite print in cursive (includes answer key) Creative writing prompts May your students or teenagers improve their handwriting skills and enjoy reading and writing these phrases and sentences.

## Customer Reviews

Growing up nobody around me knew how to write cursive so I had to teach myself, I bought this book to help me fix my writing as it never truly looked right to me. After a few days of practicing my writing already looks better. 10/10 would buy it again

My son had some less-than-stellar grades the past school year. And with the digital age, handwriting is nearly extinct as part of school curriculum. So we decided that since he would be doing some Summer "home extra credit", handwriting practice was a perfect way for him to spend an hour of each day. I'm happy. He's happy. And I can now read his handwriting! Win. Win. Win.

Very nice book. We are using it daily and it has been good practice for my middle schooler. The font is lovely but not hard. The book is well done.

Love this for my daughter! She hasn't had cursive instruction since grade school. Great for teens to brush up and improve!

Great practice for the older teenage child!
