Knox's Stand (The Last Riders Book 3)

Synopsis

Knox, a former Navy Seal, has been in several dangerous situations, but nothing compares to dealing with Diamond Richards. Framed for murder, he needs the passionless lawyer to prove his innocence. But when he no longer needs her help, he's going to show her the passion she's capable of and walk away a free man. Diamond plans on earning her huge fee to prove Knox is innocent, but she had no idea the muscled biker could bring out the passion she kept hidden behind her designer clothes. Trying to find a murderer is easier than dealing with The Last Riders and Knox's sexcapades. He's going to find out there is one woman worth standing and fighting for, despite his desire for freedom. This work of fiction is intended for mature audiences only. All sexually active characters portrayed in this ebook are eighteen years of age or older. Please do not buy if strong sexual situations, multiple partners, moderate violence and explicit language offends you.

Customer Reviews

I've read the other 2 books in this series and have enjoyed them, have found the characters and the

plots interesting, but it unfortunately never goes beyond that. The author STILL has not invested in a good editor for her work, or invested enough of her own time for a few re-reads and re-writes it would seem. Unfortunate and laughable misuse of words, simple grammar mistakes and typos abound. Confusion reigns many times over who is talking to whom. (Altar not alter! Piss off not piss of....sigh, you get the idea.)Also flat writing abounds at times. "Diamond enjoyed the scenery." That's nice, Huh? I say this, because the stories are full of interesting personalities -- great to see more of those wacky Porters-- but the author is not taking the time to explore or reveal much of the juicy meat here. Just as I'm starting to get captivated by a character or their doings, it all gets glided over, and taken away. I liked our heroine Diamond and her biker family angst. I liked her and Knox together. But then we're told they are spending every night together for weeks at her place or his. Sorry I didn't get to see it! That's a major relationship development the reader would have enjoyed and gotten a lot out of. Things tend to get rushed and tied up too swiftly. Great moment when the Last Rider girls argued with Diamond over having their hottest men taken away from them once these men had fallen in love and gone monogamous. They freak and tell off Diamond to leave their super hot Knox alone. Excellent! Perfect and priceless moment. More please! All these types of issues get resolved way too easily though. Knox ends up leaving his huge king size bed which usually sees nightly 4-some action and moves into a small room with a small bed and goes celibate-wow-- but no one says a word. Even the murder mystery gets resolved and tied up tidy. I did like the resolution to the Sam situation though. There was some mention that Knox likes it "rough" but there isn't much exploration of that either. It's all about Knox's piercings here and his all the time hunger. Knox's secret pain is revealed and it is touching. Also, once again, the absolute membership rules seem only to apply just to the original biker girl members. Our new heroines seem to gain membership with "alternative" votes every time....not fair! If I was Evie and the girls I would be ticked! The Friday night party scenes are pretty tame here compared to the first book with Razer and Beth. This book provides another look at Diamond's sister the crazy Sex Piston and her girl gang who are now going thru big changes with their male biker counterparts...more stories coming up. The ending had me laughing out loud...utterly unexpected, out of left field, and way too hokey and cutesy. Didn't buy it. Sorry. All in all, an entertaining read, but unfortunately not enough meat on the bones in this quickly cooked stew.

Spoilers She is mad at dad because he cheated on her mom for years. Years of believing if the man loves you, he doesn't screw other women. She says she would never be happy with a man like that. But then she was all, if he cares for me, I won't care that he screws other women. And then she

because a w.h.o.r.e like the others. I have a issue he doesn't ask her if other men join, he just does it and hopes she doesn't freak out. The first time after it was done he said all you had to do was say no, um the first word out of her mouth was no when rider asked to join. Sorry but yeah she is a club w.h.o.r.e. I don't believed she loved him, it was lust. I mean all he did was screw her and she was in love. I really wish there is just one women in these stories that don't turn w.h.o.r.e.s. So ladies, you are not enough for your man. This is the point that is always made.

Wow wow I had a whole bunch of words and then the last chapter knocked me on my a** !!!!! It was so perfect and HELLO she is getting an ISLAND!!! And it was so cute when she kept asking to have one ... whatever it was lol!!!! I can't believe Shade's dad is the SHERIFF!!!

MINDBLOWN I didn't like how she was willing to beg like come on DIAMOND! But it showed how much she loved him! And obviously it is unconditional and it showed that Knox would let go of his stubborn ways and admit how he felt. His story is sooooo sad! But I'm glad he will spend the rest of his life being a better man for Di! And Pastor Dean is so funny I hope he gets a story!!! I can't believe Knox is moving out of the house and becoming the new sheriff ahhhhh! I hope in the next book sex piston and diamond get closer!!! I want to Knox's real name! And it shows you cant judge anyone!!!

I want to start this review off a bit differently this time. I've read other reviews in this series and while everyone I've read seems to love the actual story they don't like the sexual content, the language, or the open sexual that happens in this series. This is what I believe...reading is an escape if we all read about things that happens in our life I don't think I'd read. I love the thrill, the excitement, the beating of my heart. I like taking two people that seem like they shouldn't be together but for some reason they are and it's beautiful. That being said if you read the synopsis of all these books it fully warns you there is open sex, adult language, and I respect that's not your cup of tea however it's not fair to an author to get a low rating because they warn you that there is that in their book and you chose to read it any way. Now I would have never dreamed of putting Knox and Diamond together. But the more I read the more I really love them together. I love this series flowing from one book to another so easily. I'm also very glad that I looked at the books and the way the author wrote the order because while there are I think 9 in the series there are also several other that are a different series but still flow with this series. So I bought the rest and I'm going to go by the order the author suggest.
