Each author gives their own unique twist to exactly what makes a vampire a vampire. Each story is entertaining because of these differences. Anyone who likes vampire heroes will like these stories.

Once again, Hanna Howell has hit a high in her stories about the MacNachton's clan that I just can say enough to express the love & have for this clan & the on going saga of the fight that they are fighting to find their own people that have scattered all across Scotland & bring them home. I'm just started the 3rd story in this book & so far I like who it's beginning. The 2nd story "A knight beyond black" by Jackie Ivie, I wasn't overly impressed with the ending. I'm not certain if it is because there is another story to come. but the ending was very abrupt & left me hanging there say to myself "What!!! what just happened & where is the end." it just stopped & I felt 'cut off' hanging there. However because it has a fantastic story about "Raibeart MacNachton & him finding his true mate! His true other half. as I've always said it will be in my library & read again many times over. Once again Thank you Hanna for your brilliant stories about this clan. I also have to say that I think that one of the biggest things that I'm doing in my own life at this time, is looking & searching for my mate. That perfect fit in a mate. Hanna's books give me true hope that I will achieve just that. I WILL find my perfect mate. Thank you again. Sf in Westminster, Co.

I read a lot of anthologies over the years and very rarely do I like all the stories, but this one was that rare book! All three books featured vampires of some sort and all three had happy endings. This book is one of my keepers and I have reread the stories more than once. These ladies do an awesome job combining historical and paranormal romance! Dark Embrace by Hannah Howell is part of her MacNachton Vampires series and is as wonderful as the rest of the stories. It can be read as a stand-alone, but much more exciting when read in order. A Knight Beyond Black by Jackie Ivie is funny and steamy. This was her first venture into paranormal romance and it was a great start. The Guardian by Michele Sinclair is a different take on vampires and there are a lot of questions raised that weren't answered, but it still was a very satisfying read.

As a big fan of Michele Sinclair's work I was so excited to find a new story and characters from her. I love her McTiernay Brothers series and my absolute favorite book of hers is 'The Christmas Knight'. Her 'Guardian' story was by far the best of the three and I've heard that she is starting a new series to expand on Moirae and Dorian. This isn't your typical Highland romance which makes it so much more interesting. Read 'The Guardian' first!

Anyone who loves a mystery and romance will love this book. I found a surprise in this book it was 3 stories instead of one. Each one kept me so interested I could not put it down. I love Hannah Howell novels but I received a chance to read others as well. It not just a vampire story it brings them you can't help but love these characters in the book I can't wait to find out if she continues to write about these people in the future.

As all ways when I read your books I am never disappointed, feeling as if I were their with them, so intense and keeps you reading not wanting to stop till you finish then wish it never did thanks for the read

First and third stories were quite good. Second story seemed to be missing half leaving it confusing and feeling forced

I did not enjoy it too much. Too far fetched.
