Anything But Ordinary

Synopsis

Life went on without Bryce for five years while she lay in a coma. When she wakes up, it feels like nothing will ever be the same again. But during one luminous summer, as she comes to understand that her dreams have changed forever, Bryce learns to see life for what it truly is: extraordinary.

Customer Reviews

This is, by far one of my top three favorite books. Tennessee native Bryce Graham, a 17 year old diver is in a career ending accident when she goes into a coma in an accident during Olympic trials. She wakes up, 5 years later as a 22 year old to find that the world has moved on without her. She finds her parents drifting apart, their marriage slowly crumbling in the wake of her injury. Her best friend and boyfriend grew up without her, and moved on to become engaged. She struggles to find where she fits in amidst the world she has woken up to. She develops a relationship with a neurology student from Vanderbilt while in the hospital and he becomes her anchor as she struggles to stay afloat in her new life. It's an interesting read full of emotion, drama, and conflict. I've

read this book about 3 times now and I fall in love with it again every time I read it. A must read for anyone.

Bryce wakes up in the hospital. The last thing she remembers is diving in the Olympic trials. She's a world class diver with the potential to make the US Olympic team. But that was 5 years ago, when Bryce was 17. She hit her head performing that last dive and has been in a coma for the past 5 years. While she's been in a vegetative state, her family and friends have all gone on with life. Her best friend Gabby and her boyfriend Greg finished HS, graduated from college and are looking forward to jobs and a future, and her little sis isn't young and innocent anymore. Bryce's body aged and chronologically she's 22, but she still feels like a 17-year-old HS senior. Can Bryce reconcile with the people she cares about, and the fact that she's lost 5 years of her life? This is a great premise for a book and it will hook readers right from the start. At times the pacing is uneven and the plot a bit pedestrian but there's plenty here to keep the audience....teens who like a bit of romance and some plot twists.... turning the pages!

I am a mother of a teen reader. I like to keep tabs on what she is reading and often pick them up myself. This book was recommended by some of her friends and she loved it! So I decided to read it too. I thought the story was very compelling. It was easy to read and thought provoking. I loved the dynamic within the family. I think the author did a great job keeping the story moving and keeping the reader engaged. I don't want to give too much away in this review but I would say its a must read for the teen reader. I know its become very popular at my daughter's school. Now they are just buzzing that it is going to be made into a movie!

This book had me from the first page. The characters are multi layered and all are essential to each other. Very hard to put down as you want to know what happens to all involved. Amazing read from a first time author!

I LOVED this book so sad but so amazing omg I will read it over and over again please read this book it's amazing ahhhhhh nice sweet and yet wonderful

This book was so amazing. It definitely deserves 5 stars. Anything But Ordinary is a very sad but inspiring book. I loved it.

I very much liked the writing style. Easy reading, with descriptive insight to picture the story without wonder. Great story.

I love this book so much! It is a heart warming book! It is so inspiring! But at the end it is so sad!!!
