Customer Reviews

This booklet was helpful as I was trying to decide how to bustle my daughter's wedding dress. I ended up cooking up my own bustle plan, but it was nice to see other options available.

While the information given was good, the illustrations were poor and difficult to understand. Photographs would have much been better. I was hoping for more details on difficult bustling situations.

It's a good book for the price. I find some of the diagrams confusing, but the photos give me ideas.

Not very helpful!

A friend needed a bustle put in her daughter's gown, and I had never seen, or done one. This book was excellent and gave me all the information I needed.

This provided very little detail or information. You certainly won't know how to bustle a wedding

dress after reading this.
