Avalon High

Synopsis

Avalon High, Ellie's new school, is pretty much what she'd expected. There's Lance, the hunky footballer. Jennifer, the cute cheerleader. Marco, the troublemaker. And then there's Will - the most gorgeous guy Ellie's ever met. She can hardly believe he likes HER. When Will says he thinks he's met Ellie before, things start getting a little weird. A feeling that grows as Ellie discovers the strange bonds that entwine Will, Lance, Jen, Marco - and herself. As darkness turns to danger, can Ellie stop the horrific chain of events that is about to engulf them all . . . Prophecy, myth and the legend of King Arthur come together as Ellie discovers her true destiny in Meg Cabot's New York Times bestselling Avalon High.

Customer Reviews

Gave it to my sister a while back, after purchasing it from a used bookstore. I borrowed it from her, read it, and enjoyed it. I now have another family member's birthday coming up, so I purchased it for her. I hope she enjoys the gift, but I think she will! Anything by Meg Cabot is a great gift for a teenage girl who likes reading.

I am not a student of the Arthur legend. I have seen "Monty Python and the Holy Grail" a few times. That was not helpful, for this book. If you have a decent grasp on the legend and those characters, you will grab on to the plot of Avalon High. If not, you may find yourself tapping into Knights of the Round Table background info on Wikipedia. I liked these characters a lot. I loved the boy meets girl storyline. YA readers may really love it. Then again, the world of these high school juniors and seniors, where cell service is spotty and texting has not yet been invented, may feel a little quaint and olde tyme-y.

Avalon high was awesome! Will, (insert girly sigh here), was positively dreamy;) I have seen Avalon High the movie many times and the book, though different from the feature, is just as interesting and captivating as the movie. Meg Cabot illustrates a unique story sure to please even the harshest critics and entertain the most restless readers, regardless of their lack of insight into medieval times or the knights of the round table. Whatever your previous knowledge of King Arthur may be, (for me that would be nothing), Avalon high is a book that will steal your breath away..... and maybe even your heart, too

I know this is geared to teens but I am only 22 and take great enjoyment from other teen novels. This book is about the second coming of Arthur from the Knights of the Roundtable. This is so predictable it is painful. There are no great twists or surprises. I could read it but it wasn't anything special. Meg Cabot usually does really great work but this just wasn't one of them in my opinion. However, the adaptation of this book to film is totally great. Be warned that the two have barely anything in common though.

I loved loved loved this book! There want really any unnecessary drama and it was a great book to pick if you have to read a different version of king Arthur for school. I totally recommend reading it!!!!!!!!!!

Elaine Harrison looks forward to the chance to forge a new identity when she tranfers high schools during her medievalist-parents' sabbatical. Little does she know that she will be returning to an old identity, as Elaine the Lily Maid of Astolat, when she meets up with a cast of Arthurian figures she comes to suspect are reincarnated from 5th-century Britain: Merlin has become a busybody teacher Mr. Morton, Lancelot the dashing blonde football player Lance, Guinevere his best friend's sweetheart, and so on. Can such a transformation be true? Elaine's musings are expressed with

characteristic high school skepticism. Not.A charming and reasonably well researched Arthurian novel for adolescents, "Avalon High" shows us what happens when King Arthur goes to high school. Recommended both for its engaging and readable adolescent narrator and for the clever, surprising, and upbeat conclusion.

Shallow and uneventful. Another re-imagined story of King Arthur's court that involves reincarnation within a high-school setting. Read this for a college Arthurian-genre course... Maybe teens would enjoy?

When Ellie moves to Annapolis on a sabbatical she finds things are a little strange. Her World Literature teacher is certain her crush is the reincarnation of King Arthur.In the events of saving A. William Wagner from his stepbrother , Ellie learns she is the only one who can save him.A great read for anyone loving mystery and romance books.
