All Aboard! California: A Landscape Primer

Synopsis

From bestselling children's cookbook author Barbara Beery comes a delightful new cookbook created just for aspiring sprites, elves, gnomes and nymphs! Fairies Cookbook brings a bit of fantasy and magic to everyday snacks and treats, while teaching valuable cooking skills and encouraging kids to develop a love for creating their own food. Fairies Cookbook transforms everyday fare into mystical treats for birthday parties, sleepovers, and special occasions-and these recipes are easy enough to use everyday! Fairies Cookbook offers recipes such as Cookie Fairie Masks, Fairie Fruit Wands, Sugar Cone Fairie Hats, Fruity Fairie Castles, Raindrop Punch, and many more. Children's cooking expert Beery also includes dozens of tips and ideas for creating a variety of enchanting fairie-themed parties.

Very enjoyable book! True, there are few words; however, that leaves it open to let the children tell you what they see or play hide and seek. We live in CA and have seen all these places, so we can talk about things we did on the trips. "Few words" seems like a rather vapid complaint - it's a children's book, let their imagination run. Only gripe, no one calls it Southern Coast - it's SoCal. Second edition fix? Anyhow, highly recommended for Californians or welcome travelers.

Bought this for our family trip to California where we took the train from LA to SF. Cute pictures and it actually followed along with most of the places we visited, so it was good prep for new words/objects/scenery that hopefully my 18 month old will retain. Really simple words. Not much to it. We made up our own stories for each picture, but even then, there wasn't a whole lot going on

This is a cute book that I picked up for my son to commemorate a trip to California that we took together but I really wish it had more words. The pictures are cute but there isn't much substance to this one.

Pictures are great and colorful but I wish it had more words. I bought this for a 2 year old who lives in California so I think they'll like it anyway.

Fun book I purchased for my daughter as a souvenir from my recent trip to California. I wish they had one of these for every state!

Adorable little book! It is just words on a page and not an actual story but I make up my own each time. Little boys who like trains will love this!

We travel to many of these places so I love getting to review them with my toddler. Cute illustrations. Very basic, but perfect for my 15 month old.

Absolutely love!
