The Collectible Teapot & Tea Wall Calendar 2016

Synopsis

It's as comforting and cherished as the tradition it upholds. Each month, The Collectible Teapot & Tea Calendar invites the reader to sit down to a beautifully arranged teatime setting spread with delectable sweets and nibbles, fresh flowers, and the centerpiece of the table—a gorgeous vintage tea set. Pour from an early Delft pot at a Dutch farmhouse table, complete with waffles and honey. A teapot designed to mark the coronation of England's King George V, alongside scones and Union Jack flags. And a Victorian Valentine tea set—ideal for an afternoon spot of tea with the apple of your eye. Accompanying the full-color photographs are delicious nuggets of history and lore from House Beautiful executive editor Shax Riegler.

I love afternoon tea and collect china, so I've been buying the teapot calendars for years. This is the best one in many years. About eight of the months have photographs that I love, whereas other

recent years have had only two or three that I really liked. This 2016 calendar is more like much earlier ones, featuring mostly very pretty tea settings and fewer novelty or weird ones. I highly recommend this calendar for those who love beautiful china. The tea information provided each month is always interesting.

Our family really likes to collect teapots, drink tea, and bake!

So cute, nice informative narratives on the right hand side to get your brain thinking and beautiful pictures. I love the sets and details. Sadly the only month I didn't happen to like was my birth month one. Oh well.

I have a passion for tea...and the serving-ware that goes with it. This calendar has been one of my favorite finds of 2016. The teapots each month are such a surprise and so well set and photographed, what a joy...if you are into teapots...I highly recommend! :0)

Beautiful calendar, I buy them every year! Love it.

I do like the calendar but I remember it as being much larger, wider, than it is now. I suppose all paper publications are smaller like newspapers.

I buy a teapot calendar every year and am never disappointed. I sometimes see the teapot set my mother once had and unfortunately threw away when she moved! Can you believe it? I was so very disappointed, but seeing all the teapots on these calendars is a nice substitute. Love it.

In addition to lovely photos of beautiful teapots and tea settings, this has very well written little essays about various teas or china. It also functions perfectly as a wall calendar with ample room for calendar entries. A fun, useful and informative calendar. Love it.
