Customer Reviews

This is is poorly written, proofread, and edited, riddled with grammatical errors and formatted to increase book’s bulk. The storyline is inane and the character interactions fall flat. It’s a written version of a cheesy porn flick, which I would rather watch than read this. It’s as if the author wasn’t even trying. Some writers can not try well, but Mr. Thruster cannot. I didn’t get past the first couple of pages.

...hate the he in the places where should be I...so annoying....and while I get free...worth every

penny. And mixed character names

just the right amount of anime tiddies
