## **Customer Reviews**

A lot of information. Good for checking on stuff while practicing

There is nothing wrong with this product. It covers that book full of drumming rudiments and "essential beats" I had stuck to the wall. It was definitely for me.

A lot of info Nice poster.

This is FANTASTIC! put it in a frame.

There is nothing wrong with this product. It covers the drumming rudiments and some "essential" beats. If you have these sort of things in book form and want a quick reference guide stuck on the wall, then this is for you.
