# Trickery: Curse Of The Gods, Book 1

## Synopsis

Willa Knight: Dweller. Slave. Non-magical being. In Minatsol, being a dweller means that you are literally no better than dirt. In fact, dirt might actually be more useful than Willa. Her life will be one of servitude to the sols, the magic-blessed beings who could one day be chosen to become gods. At least her outer village is far removed from the cities of the sols, and she won't ever be forced to present herself to them... Until one small mistake changes everything, and Willa is awarded a position to serve at Blesswood, the top sol academy in the world - a position that she definitely did not earn. Under the sudden, watchful eye of the gods, she will be tasked to serve the Abcurse brothers, five sols built of arrogance, perfection, and power. They are almost gods themselves, and under their service, she is either going to end up sentenced to death, or else they are going to ruin her so badly that she will wish for it. Either way, she is in trouble. This is a full novel, 90,000 words. Book one of five in the Curse of the Gods Series

## Book Information

Audible Audio Edition

ASIN: B0711V7S9G

Best Sellers Rank: #6 in Books > Audible Audiobooks > Romance > Fantasy #162

in Books > Romance > Fantasy #493 in Books > Romance > Romantic Comedy

## Customer Reviews

Set in a world where everyone's role is set at birth; God, Sol, Dweller; Willa is an original. She may be classified as the lowest of dwellers, but they can't contain her. She's a pure mess, stumbling through life, wreaking havoc during every waking hour. The book begins with her village preparing to select two of their best to represent the village at Blesswood Academy where dwellers are sent annually to serve the Sol. Willa and her best friend/sister are chosen and their lives are now on a new course. Of course, Willa's life doesn't magically change. She's still a mess, only now she's around powerful people. She quickly catches the attention of the Abcurse brothers, Siret, Yael,

Aros, Rome, and Coen or Trickery, Persuasion, Seduction, Strength, and Pain. The brothers have secrets of their own, but quickly they become the most important people in the world to Willa. Jane is one of my favorite writers in the world. I'm openly obsessed with her books. She creates fantastic worlds and compelling stories filled with exceptional, stalk-worthy characters. I'm now embarrassed to say that this is the first book I have read of Jaymin's, although that will change. I wasn't sure how the collaboration would work, but the writing was seamless. These two meshed their styles together cleverly. I couldn't tell who wrote what. They did an excellent job creating fully developed characters. Each brother has a distinct way with Willa and with each other. Great dynamics. The side characters are all nicely developed and add additional layers. This story was entertaining, well-written, laugh out loud funny, and full of sexual tension. Any book with a lead female who has a "penchant for nudity", falls on her ass or face as many times as Willa does, and carries on hysterical conversations in her head constantly even though her thoughts can be read is truly brilliant! Willa's rambling, her thought process (the Jeffrey's), and overall originality makes her one of the best female leads ever. Throw in 5 hot brothers to surround her and a bit of mystery, and now I have a new obsession. J & J, how soon can I get the next book??

It started as a squeak of surprised laughter. Then it turned into some snickers and snorts. More snorting happened and then full on belly laughing. I can't recall the last time I laughed so hard reading a book. I stayed up way too late to finish it and can't wait for the next one. :D

wow! it's been a while since a book has almost made me pee my pants from laughing so hard! loved everything about this book. out of the five brothers-I am at a complete loss for which of them I love the most. The authors did an AWESOME job at making you love them all! my favorites are definitely Aros, Seiret and strangely...cohen ha.can't wait for book 2!

This book made me laugh, have second hand embarrassment and really rooting for some type of love story. Willa is a super clumsy dweller and somehow manages to get chosen to serve the gods who work hard to appease the Gods so that one day they MAY be chosen to be a God themselves. Enter the 5 Abcurse brothers. They each have a very special talent and they don't like playing by the rules. They end up choosing Willa as their next play thing, but what they all don't realize is that Willa likes to bite back. There is some trouble and they all have to work together to fix things. I couldn't put my kindle down. I NEED to own this book!

An accident prone dweller...Five brothers who capture her attention and vice versa...What's a girl gotta do?Run or face it head on?Oh. My. Gods. Such an entertaining, humorous and freaking enjoyable book I have read in a long time! Holy Gods! Really excited for this series.A creative and most entertaining series to date. The fact that it has five hot men and is a reverse harem is a bonus! It makes it all the better.Full of dwellers, Sols, Gods, magic, gifts and curses, secrets, humour, attraction and adventure.Perfect for readers of high fantasy romance/reverse harem.

I got this on a whim. I honestly was not sure at first if I was going to really enjoy the book; I have not always done well with contemporary/urban language storytelling in fantasy stories. That said, this was just too fun! The moment the Abcurse Brothers entered the picture, it was game on, and Willa is an enjoyable 'mess.' I lost count of how many times I laughed, shook my head, and said 'of course that would happen.' Bad luck is the new sexy here.

I died! This book had me me laughing out loud like a lunatic. The clumsiness and inner monologue of Willa was like no other. I felt like I as the reader could really connect with the characters personalities. This book is so amazing! Or maybe it is just my stupid humor, but READ IT!

I like humor in the stories that I read. I absolutely love this one. I read some of the reviews before I bought this book so I had high hopes. To say that those hopes were far exceeded would be a gross understatement. This story is absolutely brilliant. Great world building, wonderful characters, incredible plot. And Willa. Wow. I love how protective the brothers are of her. And how protective she is of them. Well anyway, enough gushing. I am so glad that the second book is available. Buy this series, you won't be sorry unless you don't like humor with your hot guys. Enjoy!
