Honorable Intentions (An Inspirational Romance Novel)

Synopsis

Have you ever wished you had a second chance with someone? Brand Stanford married Monica because she claimed to be carrying his child. Their marriage was one of convenience for her. When they had finally become a happy family, Monica was killed in a skiing accident. Now, Brand is faced with having to raise their three-year-old daughter on his own. Tessa Duggan's family had been lifelong friends with the Stanfords; and even remained in contact with them after moving out of state. Tessa kept secrets to herself for nearly ten years. She'd loved Brand for as long as she could remember. Having raised a son on her own, Tessa knows what it's like to be a single parent. When Brand's wife dies in a skiing accident, Tessa agrees to help Brand's mother take care of his three-year-old daughter during the summer. Is it a chance for them to start over again? Or will Brand break her heart the second time around?

Customer Reviews

This is a great Christian romance story. Tessa is a single mother of a nine year old boy. She has just recently been let go on her job. Brand is a single father of a three year old girl. His wife was killed six months before in a skiing accident. Tessa and Brand grew up together so Brand's mother offers Tessa a job for six weeks helping to take care of Megean, Brand's three year old daughter. Her health is preventing her from taking care of her. Tessa has always loved Brand and she was devastated when Brand married, Monica, because she said she was pregnant. Then she miscarried. Tessa has a secret no one knows and she is afraid if anyone finds out they will turn from her. She was raised in the church and her father was very upset when she got pregnant by a man passing through. This is a great story and it really shows how their faith has gotten them through all the problem times in all their lives.

A good story of a single mother who didn't tell the families who the father of her son was. She did make sure the father's parents got to visit with her son thru his young life, even though they didn't guess that he was also their grandson. I wish the last chapter could be re-written. It hops over a lot of time and changes in the 2 main characters. The ending is abrupt. Throughout the rest of the story, the changes in their thinking are explained & shown as part of the story. All of a sudden, he's proposing. A transition would make the story more fun & enjoyable to read. An epilogue would help as well, if the ending is left abrupt.

Susette Williams is an author who writes sweet, heartwarming stories. I have had the privilege of not only reading Honorable Intentions, but also her Mail Order Brides series which I highly recommend. Honorable Intentions is an inspirational story centered on the theme of forgiveness-not only the forgiveness we seek from God but also the forgiveness from those we have caused harm and most importantly in some cases the forgiveness of ourselves. Brand Stanford made a mistake when he was younger. That mistake was a choice he made between someone who meant more to him than he could admit and his honor. His choice left him betrayed. For 10 years he lived with the betrayal while trying to make the best of his life. Tessa Duggan loved Brand since they were children. When Brand made his choice he didn't know he would be setting in motion Tessa's future as well. Tessa tried to remain friends with Brand over the years while guarding her own secret. Through faith in God, Tessa lived her life with her son. Brand and Tessa are brought together through tragedy. As Tessa watches Brand struggle with his faith in God, she must also lean on her own trust as her secret comes out. Can these two souls put their trust and faith in God to take care of them? Will they not only ask for forgiveness but will they

be able to accept that forgiveness? Will they forgive themselves? I truly enjoyed reading this wonderful inspiring story of love and forgiveness. I do wish there was a little more depth to the betrayal and the cost they had to endure, but overall this was a very good book by Susette Willams.

A good clean book. Enjoyed the writing style of the author. Liked the characters and they were believable. Would like to read more from this author.

Tessa and Brand have been best friends since they were young kids. When Brand marries another woman Tessa can't stand the pain of losing him. Tessa keeps a secret for nine years from her family and her best friend. Watching Tessa and Brand's relationship change is truly amazing. You will feel God working throughout this whole book. I had the honor to review this wonderful book for the author.

This is a well written book and so enjoyable. I enjoyed the role and personalities of the grandparents. This is a nice Christian book that I can personally recommend.

I really enjoyed this book. I've read several of this author's books, and I think that so far this one is my favorite. The message of forgiveness shines through. I really enjoyed getting to know Tessa and Brand, as well as both of the children. They all came alive for me. I read the book straight through after buying it, and I recommend it for any reader.

I love a good, clean story! This is a great one! Don't miss it!!
