Jim Henson's The Power Of The Dark Crystal Vol. 1

Synopsis

An official sequel to Jim Henson's cult classic fantasy film *The Dark Crystal*. Years have passed since the *Dark Crystal* was healed and peace was restored on Thra. Though Jen and Kira have ruled as King and Queen, they have become distracted by power. The planet is sick and those on the surface of Thra are not the only ones effected. A mysterious race of creatures called Firelings live in a realm near the planet's core, hidden from the Gelfling and their kingdom. A young Fireling named Thurma is tasked with stealing a shard of the Crystal to restore power to her world. Along the way she'll befriend the young Gelfling Kensho, conjure the Skeksis and Mystics, and embark on one incredible adventure. Written by Simon Spurrier (*The Spire*, *X-Men Legacy*) and lushly illustrated by Kelly and Nichole Matthews (*Toil & Trouble*), *The Power of the Dark Crystal* includes behind-the-scenes materials on the making of this sure to be classic tale of wonder.

And so...the cancelled movie sequel has risen like the proverbial phoenix to become reality in a graphic novel "mini series". Although its only the first issue and spends most of its time setting the scene in a very well done homage to the opening narration of the original film it marks a very well done start to what promises to be one hell of a ride.....

I was a kid when the original film came out. Like many kids of that era, I grew up still loving the movie and hoping against hope for a sequel. Now we have it! Beautiful artwork, based on Henson's notes, I can't wait to see where the story takes us.

I was so glad that this turned into a graphic novel instead of a movie. The art is lovely too!

Clearly a lot of thought has gone into making this series faithful to the films. The only thing that irks me is how slow the story is going. Otherwise, this series is going to be very good.

If you're a fan of The Dark Crystal, this is a great read! It picks up 100 years after Jen and Kira healed the crystal.

As a child I loved the Dark Crystal, as an adult it has remained one of my favorite movies of all time, I enjoyed reading this, because it was much like watching the movie, somewhat continued in a different setting, great new characters to get to know more about and a new world, I loved the illustrations and characters and creatures in the edges of the pages, lots to look at and have fun getting lost in! I will be on the look out for more to read!

Said it was 112 pgs. All I received was 26 pgs, and no one at can tell me what happened. I've had 3 separate calls to their customer service, and each time I'm told someone would look into it. I haven't heard anything back, or received the rest of the book. I'm at a loss at what to do at this point
