Messianic Jewish Congregations: Who Sold This Business To The Gentiles?

Synopsis

Messianic Jewish Congregations examines the present state of Jewish believers in Jesus in Israel and North America. A bulk of the information has been gained with the use of surveys, personal interviews, and visits to congregations. Wasserman begins by tracing the history of Jewish leadership in the church. He then analyzes in detail the worship style of Messianic congregations. Two chapters are given to the substance of the surveys, concentrating on fellowship, discipleship, and evangelism. Finally, the book examines indigenous cultural expression and the factors that contribute to congregational success. The book will interest Christians who want to understand the presence of Jews in the church, and students of religion. Revised: August, 2012.

Customer Reviews

Good explanation

From what I read so far, I find the subject matter very interesting.

We are skeptical of even looking at any book without a Table of Contents!
