Bought this for a friend who is a massive Ramones fan - he absolutely loved it! Lovely hardcover and loads of awesome photos. Really great quality. Perfect for anyone into the Ramones/Early Punk.

Gorgeous pictures and a lot of fun, unknown facts on the Ramones. Looks great on my coffee table.

Great coffee-table book for you punks out there!

I love this book.

Great book! Quick shipping

Awesome book. Lots of photos, stories, interviews covering the Ramones through all their years as a band. Ask your local library to order a copy or get it as an interlibrary loan through Worldcat if you are broke. Check out The Casualties song called "Made In N.Y.C." off their Die Hards album. It's a cool tribute they did to the RAMONES after Joey Ramone died.

The publishing of this book is great - it kept up with the same colorful, fun and informative format as previous Ramones books and memorabilia! Glad to see new information not shared/released in previous books of the Ramones.

Weird to think of The Ramones being 40 (actually 42) but this is a nice reminder of why you love them. Good pictures, good text and a good document of a sui generis band.
