## Synopsis

Make your favorite restaurant dishes at home with easy copycat recipes from America's most popular restaurants! You'll start cooking like a restaurant chef before you know it! Download FREE with Kindle Unlimited! Everyone likes to dine out every once in a while—a date night with a significant other, a family dinner at a nice restaurant, lunch out or coffee with friends at a local café, or even a quick drive-by at a favorite fast food place. There's just something about eating out that, whether alone or with company, which makes eating all the more enjoyable. Maybe you think that you'll never be able to recreate the food you order at Outback Steakhouse, Starbucks, or McDonald's. So, you go in there, wait in line for what seems like an eternity, and then pay for food that you know is way overpriced. But what if you didn't have to go through all that? What if you could be munching on a Cinnabon you made right in your own home? No leaving the house, no waiting in line, and no spending money on expensive food—just the amazing taste of your beloved restaurant dishes and the satisfaction that you were able to recreate them all by yourself (or with friends or family). And, with the help of this cookbook, you'll be able to do just that in no time. Inside, you'll find:

- Delightful breakfast recipes such as the French Toast from Denny's and the Copycat Power Breakfast Sandwich from Panera

## Customer Reviews

This is a great cookbook. Because I am now homebound this is the perfect cookbook for me. It is filled with my favorite meals from the restaurants I love. I am enjoying making my favorite recipes at home. So glad I didn't have to give up the food I love.

Considering my amateur status I think they are pretty authentic. Many are my faves so I glad to get the recipes to prepare whenever I get "the craving" for one of them..

Only tried several recipes from this book. However, each has been spot on. In fact, I would give 5 stars for just one recipe which is much closer than any other I have tried.

Good resource.

I am always in search of a way to cook at home. Several times when my family wanted to go out, I used these recipes. They loved the food. It may not be exactly the same, but pretty close!!

Great book. Have used it a number of times and the results have been "right on."

I like making fun to eat food and if it tastes close to the real deal, so much the better.

Very good recipes and easy to follow. There are a few typos but I didn't have a hard time figuring out what it was supposed to be. I've already made a few recipes and they turned out great! Thanks!
